

KNOWLEDGE AND EMPLOYABILITY PROGRAM

Background:

The Division acknowledges the need to provide learning opportunities and environments where all students are encouraged to develop to their optimum level and potential.

Procedures:

1. For students in grades 8 to 12, the Division supports the implementation of Knowledge and Employability courses of study designed to develop student workplace skills and provide academic growth in core subjects.
2. Knowledge and Employability courses may be offered in junior and senior high schools. Students and parents must be informed and consent to the nature and intent of the coursework.
