**That the Board of Trustees approves the 2025-26 Trustee School Liaison Representative List, as presented.**

## BACKGROUND:

Trustees play a crucial role in representing their geographic area and liaising with schools within it. Trustees act as key representatives who bridge the gap between the school board and local schools, working to enhance educational outcomes and community engagement.

Their responsibilities typically include:

1. Advocating for the schools in the Division, ensuring the community's concerns and priorities are heard and addressed by the school board.
2. Attending school council meetings to stay informed about local issues, providing updates from the Board, and serving as a communication link between the school board and the schools, to ensure information flows effectively both ways.
3. Participating in various school-based events and initiatives, such as speech competitions, performances, openings and special ceremonies. Trustee presence helps build relationships and understanding between the Board and local school communities.
